TUBEROUS BEGONIA, PICOTEE TYPE

## TUBEROUS BEGONIAS

This lovely type of Begonia with its large and exquisite blooms is becoming more popular each year. It grows and blooms in shady places, under trees, in beds, in porch boxes, or tubs, in places where other flowers will not thrive. For a long blooming season start the tubers indoors not later than March. They will be ready to set out in beds, porch boxes, hanging baskets, or tubs as soon as the danger of frost is over and will bloom continually until the tops freeze down in the fall. Instructions for planting and care, and for winter storing will be enclosed with your order. Place order early before colors or types are sold out.

**DOUBLE CAMELLIA**—This is the most popular type, having large double flowers resembling a camellia or rose. Colors are white, pink, rose, yellow, blush, apricot, orange, dark red, scarlet, dark salmon, cardinal red, flame orange, light salmon, crimson rose, American Beauty.

**DOUBLE PICOTEE**—Flowers of the same beautiful form as the camellia type but the color is two-toned, the center light, the picotee edge pink, rose, salmon, apricot, or red.

**CARNATION TYPE** (Fimbriata) — Full double type with each petal fringed like a carnation. Colors: White, blush pink, rose, yellow, apricot, orange, scarlet, light salmon, crimson rose, dark salmon, and red salmon.

**SINGLE FRILLED**—Having four large petals beautifully ruffled or frilled. Colors: White, yellow, pink, scarlet, rose, dark red, salmon, apricot and orange.

**GIANT SINGLE**—The flowers of this type are enormous, sometimes reaching a size from 8 to 12 inches in diameter. They come in the solid colors of white, yellow, pink, rose, light salmon, orange, scarlet, and dark red.

**DOUBLE ROSEBUD**—Exquisite flowers resembling perfect rosebuds, with beautiful two-tone pastel shade coloring. Colors: White, pink, rose, salmon, and apricot.

**CRESTED TYPE** (Cristata)—A beautiful show type, the plants being covered with masses of flowers having a crested formation on each petal. Comes in solid colors of white, yellow, pink, rose, salmon, orange, scarlet and dark red.

**HANGING BASKET TYPE**—A very attractive type having double flowers similar to the Camellia type but smaller. They should be planted in window boxes, hanging baskets, pots on pedestals, or a shady place in rock garden. They are very showy, covered with masses of blooms. Colors: White, pink, rose, salmon, yellow, scarlet, apricot and orange.

**TUBERS** in the above types and colors are the largest size, averaging 2 inches and over in diameter.

Per Tuber 45c, 10 for \$4.00

**MIXED TYPES AND COLORS**—We have a large quantity of the next smaller size tubers which will also make very fine plants and flower abundantly. Mixed only.

# HEMEROCALLIS - Daylilies

Hemerocallis are becoming more and more popular now that flower gardeners are realizing how much color they can add to their garden with a minimum of care and expense. Hemerocallis thrives in any type of soil, in full sun or part shade.

No spraying or dusting is required as they have no pests, and the clumps need to be divided only every three or four years. We know of no flowers that require so little care and give pleasure over such a long season. The roots may be planted at any time, although early fall or spring planting will give the best results. For quickest effect plant in groups of three. Our Hemerocallis Bulletin will give you exact planting instructions.

# LILIES

L. PARDALINUM GIGANTEUM

**AURATUM** (Gold-banded Lily)—Large white bowl-shaped flowers are carried on stems 4 to 6 feet tall. Each of the six petals of the flower has a gold stripe down the center and is also heavily spotted with crimson. Has a wonderful fragrance. Blooms in August. These are hybrids from especially vigorous stock and free from virus diseases.

Top size bulbs: Each \$2.65

**AURELIAN HYBRIDS**—These grand Lilies are the result of many years of patient hybridization, selection and propagation by a Northwest Lily hybridist. They are a beautiful strain of trumpet and semi-trumpet Lilies in white, ivory, cream and sulphur tones. Blooming time July and early August.

Large bulbs: Each \$2.50, doz. \$25.00

**FIESTA HYBRIDS**—These are crosses of the famous lilies introduced by Miss Preston. Stems are tall and erect and carry a large group of rich orange-vermilion flowers, some of which are spotted and some plain. Strain is very vigorous and robust.

Top size bulbs: Each \$2.50

**FORMOSANUM**—A late blooming white lily. The flowers are similar in shape to the Regal lily but more slender; the outside of the petals is suffused with a deep rose coloring; stems four to six feet and with several blossoms on each stem.

3 bulbs for 50c, per doz. \$1.75

**HENRYI**—A hardy vigorous lily very easy to grow. Does well in any light or medium garden soil. Height up to 8 feet in a well established planting with as many as 20 blooms to a stem. The color is deep orange-yellow and blooming time August-September.

Each 50c, doz. \$5.00

**PARDALINUM GIGANTEUM** (Sunset Lily)—This is a very tall growing lily with stems 5 to 7 feet. The coloring is bright scarlet and gold spotted maroon. A very striking lily flowering in June.

Large bulbs: Each 35c, 3 for \$1.00, per doz. \$3.50

**PINK TRUMPET LILIES**—These fine hybrids show a flush of rose-pink on the face of the flower. They have been developed by selection from long hybridized strains of *Liliums Sargentiae*, *leucanthum* and *regale*. They are new and very interesting and attractive. Early July flowering.

Each \$2.50, doz. \$25.00

**REGALE**—The most popular of all lilies and planted in many gardens all over America. It is very hardy, thriving in almost any soil. The blossom is a large white trumpet with canary yellow throat and a suffusion of wine color on the backs of the petals.

2 large bulbs 45c, per doz. \$2.25

**SHUKSAN**—A lovely apricot lily dotted with black, originated by the late Dr. Griffiths. A vigorous and handsome plant, stems 4 feet, coming into flower in July.

Each 65c, 3 for \$1.80, per doz. \$6.50

**SPECIOSUM RUBRUM**—This lovely lily has gracefully recurved and handsomely spotted petals. The color ranges from pink to rosy-carmine. Blooming time August.

Top size bulbs: Each \$2.00

**SPECIOSUM ALBUM**—Beautiful snow-white form of the above except for a delightful green stripe down the center of each petal. Not quite as tall as the Rubrum but flowers at the same time. Very select strain.

Top size bulbs: Each \$3.25

**TENUIFOLIUM**—A lovely dainty bright orange-red lily blooming in June. Height is only about 2 feet, with six to eight blossoms on each stem.

Top size bulbs: Each 30c, per doz. \$3.50

**TIGRINUM SPLENDENS** (Tiger Lily)—Thrives in almost any soil. The bright orange spotted flowers appear in July. Height 4 to 6 feet. Many blossoms to each stem.

Top size bulbs: Each 35c, 3 for \$1.00, per doz. \$3.50

**UMBELLATUM HYBRIDS**—Brilliant orange and red-orange upright blossoms on strong 2 to 3 foot stems. Very sturdy plants.

Top size bulbs: 2 for 55c, per doz. \$2.65

**UMBELLATUM "Golden Chalice"**—These hybrids are a specially selected strain of Umbellatum crossed with *Dauricum* and *Elegans*. The color varies from clear lemon yellow through rich warm shades of gold and apricot-orange. They can be planted in a warm spot in the perennial border. Flowering time June.

Each \$1.25, 3 for \$3.50

## CALLA LILIES

**WHITE CALLA** (*Zantedeschia Aethiopica*)—Large white flowers on 3- to 5-foot stems. Luxuriant dark green foliage. In a warm climate they may be left in the ground for a number of years; in colder sections they may be lifted in the fall and stored until spring or flowered in the house.

Each 35c

**YELLOW CALLA** (*Z. Elliottiana*)—A beautiful golden yellow blossom, foliage dark green spotted silvery white. Very showy. Height 2½ to 3 feet.

Each 35c

## LILY-OF-THE-VALLEY

We will have for spring planting some fine large Lily-of-the-Valley Pips. These are good for outdoor planting or for forcing in pots. They will have large blossoms the first year and if left in the ground will multiply rapidly. They should be planted in a shady spot in good rich garden soil and where they will have room to spread.

1 doz. Pips \$1.00, 100 Pips \$7.00. 50 at the 100 price.

Please order early. They will be mailed when ready.

# The Midwest Hemerocallis Society

INVITES YOU

TO BECOME A MEMBER

Already we have an enthusiastic membership drawn from nearly every state in the Union. If you are interested in Hemerocallis, the flower of the future, this new organization needs you and you need it. We want personal experience reports from hundreds of gardens. These, and the best advice from leading hybridizers, will be carefully collected and annually sent back to you in an attractive and useful yearbook which will also contain the names and addresses of our members to date. There will be bulletins and printed matter from time to time, and there is a loan library of Hemerocallis literature.

Annual dues are three dollars (\$3.00) and should be mailed to the Secretary-treasurer, Pearl Sherwood, Atlantic, Iowa.

## ANEMONES

Large single poppy-like flowers in gorgeous colors. The culture is similar to that of Ranunculus.

**MONARCH DE CAEN**—Mixed colors.

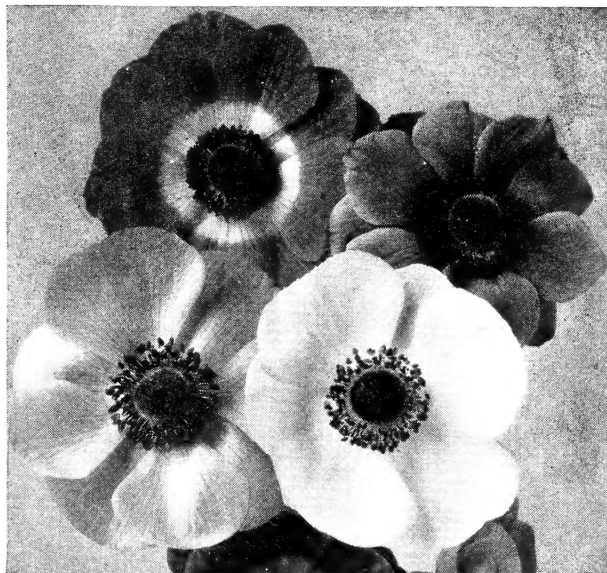

**HIS EXCELLENCY**—Red.

**BLUE POPPY**—Blue.

**THE BRIDE**—White.

**ST. BRIGID**—A double form of the Anemone. Also in gorgeous colors.

Large bulbs: Per doz. 85c; per 100 \$6.00

ANEMONE DE CAEN

## RANUNCULUS

Beautiful full double flowers in many shades. In severe climates they may be started in pots or planted out as early as possible in the spring. In the Northwest February planting is best. Cover only 2 inches and keep the ground moist as the leaves are very delicate and will not come through the ground if it becomes dry and crusted.

**RED SHADES**

**YELLOW SHADES**

**PINK SHADES**

**ORANGE SHADES**

**WHITE SHADES**

**MIXED**—All shades.

Largest size bulbs, per doz. 75c, per 100 \$5.25

## MONTBRETIAS

Montbretias need light, rich soil with plenty of moisture. Full sun or light shade is best. Very colorful planted among shrubs or perennials.

**KOH-I-NOR**—Bright red outside, dark red inside shading to an orange center.

**POCAHONTAS**—Bright yellow center shading to red.

**QUEEN ALEXANDER**—Chrome yellow, scarlet blotch.

**UNA**—A blending of orange and primrose.

Any of the above varieties: Per doz \$1.50

A mixture of all colors ranging from pale yellow to dark red: Per dozen \$1.00

## TERMS

We prepay delivery charges on all orders amounting to \$2.00 or more. On smaller orders add 25c to help cover cost of handling.

Remittance may be made by check or money order. Stamps on small orders only. Cash, unless letter is registered, sent at customer's risk.

Because of the extra time involved and the extra expense to the customer we have discontinued all C.O.D. shipments.

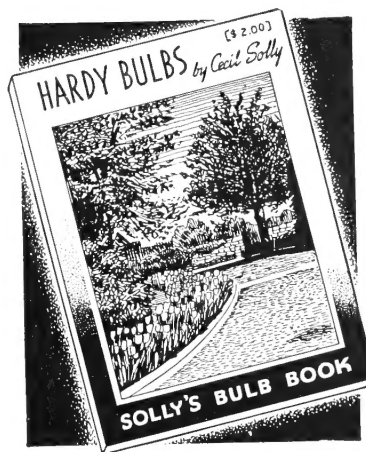

WASHINGTON customers kindly remember 3% retail sales tax. NO TAX on out-of-state orders.

## ORDER BULBS NOW

# DAHLIAS

You will find in our list of Dahlias a large number of Pompons and Miniatures. We have rather specialized in these smaller types because of their value as cut flowers.

The flowers of the Pompon Dahlias are of the ball type and are very small, measuring from 1 to 2 inches in diameter. The plants are of stocky growth, branching habit, and produce a profusion of flowers until frost.

The Miniatures are similar in form to the large flowered varieties but measure only 2 ½ to 3 ½ inches in diameter. They are profuse bloomers and make lovely bouquets.

**PLEASE NOTE**—Because DAHLIA TUBERS must be mailed later than most other bulbs we cannot accept orders for less than one dollar's worth of tubers. Packing and shipping expense will not allow the mailing of separate orders smaller than the above amount.

**AMBER QUEEN**—A dainty Pompon, amber in color, petals very full and firm textured. Each 35c
